

Calling all Parents

Find Out More

Gather as much information from the groups' website or contact the named person to ask about:

Numbers of staff /volunteers to the number of children

The safeguarding lead and how to contact them

Qualifications and Training including safeguarding, first aid and current DBS certificate

Policies such as health & safety and safeguarding

Get Involved

On the first session ask if you can come and watch, meet who is running the activity and settle your child in

This will also give you a flavour of the session and how it is run

Does the space feel secure around who can enter and what are the checks around this?

Provide information

They will need your contact details and mobile number

They should ask for medical information such as allergies, GP number as well as permission to administer first aid and medication

They should ask for your permission to take photos and be clear about where images of your child will be shared
